PROFILE

Hello! I'm Ali Imran. I am a professional graphic designer and developer with 7+ years of experience. I focus on creating effective and eye-catching designs, ensuring high quality and good results in my work.

WORK EXPERIENCE

DMK Consultancy   2022
Graphic Designer

- Designed social media posts and campaigns that align with the company's goals and objectives.
- Gained valuable insights into my professional career, along with valuable lessons and encouragement!

De Venturist   2023
Graphic Designer & Web Developer

- Maded engaing cliparts for our company online marketplaces and got high command in designs.
- Under the guidance of senior team members, I acquired new skills and contributed to a variety of projects!

Search Interactive (Searchi)   2023 - 2025
Data Operator & Designer

- I have worked there on our company websites as a data operator and made our website start earning with great focused work.
- Manage our company and other brand's social media pages by creating and scheduling posts according to new trends.

For part-time success, I do freelancing and have completed over 20 projects for various clients across different fields, always prioritizing client satisfaction!

EDUCATION

Karachi Public School
I completed my matriculation in the field of Computer Science with excellent grades.

Govt National College (Pre-Engg)
In 2024, I finished my intermediate education in Pre-Engineering. During my studies, I learned many advanced skills.

Virtual University (Undergraduation)
Currently, I am doing a Bachelor's in Business Administration from Virtual University to complete my higher studies and earn a degree.
